National Pain Week 2021

26 July - 1 August

Join us for our FREE Facebook LIVE event with retired Australian rules footballer Andrew Walker, Australian Diamonds netballer Madi Browne and Chronic Pain Australia's Jarrod McMaugh

Connection

People living with chronic pain often feel isolated by their pain.

National Pain Week 2021 will remind the friends, family and professionals around pain sufferers that connection is key to addressing the social isolation which pain can create. "Connection" will also encourage people to connect with their bodies and acknowledge pain, rather than ignoring it and continuing to suffer in silence.
